COLOR BLINDNESS

Our color lenses open up a world of color for people with Color Blindness. These lenses provide vibrant, accurate color, and are designed to make you look good, too, so color vision can become a seamless part of your daily life.

EYE TESTING

When was the last time you had your eyes checked?

An examination checks whether your eyesight needs correcting with glasses and defines the best form of correction for your vision.

Al Jaber Optical offers an all inclusive eye examination service and ensures a unique diagnosis for your eyes condition.

LOW VISION

Are you suffering from Low Vision?

Al Jaber Optical has launched HUMANWARE products that offers a complete range of innovative products to empower people who are blind or with low vision.

FUNDUS CAMERA

Early detection can save your life! Images of the back of an eye can tell a lot about your health and help detect a long list of health disorders. We are equipped with taking these photos, which are then analyzed by our eye specialists. They also generate reports that are shared with you via phone & email.

***Insurance companies cards accepted.**
We are the top partner with all of them.
